

STANDBY GENERATOR ACCESSORIES

Maintenance Kits

AIR-COOLED GENERATOR SETS

Model 005663-0

Model 005664-0

Model 005665-0

DESCRIPTION

Scheduled maintenance is a necessity for all standby generators. The Air Cooled Scheduled Maintenance kits offer all the components necessary to perform a complete maintenance on Honeywell air-cooled generators. Oil will need to be purchased separately based upon the recommendations listed. Maintenance is recommended at every 200 hours or 2 years. If running in a dusty environment, more frequent maintenance may be required. Maintenance intervals may differ per model. Refer to the generator owner's manual for more information.

KIT CONTENTS

Kit Model	5663	5664	5665
Unit Size	10kW (530cc)	15kW (992cc)	20kW (999cc)
